THE FUTURE OF NON-INVASIVE PELVIC FLOOR

The Magic Chair

A powerful, non-invasive electromagnetic stimulation system designed to strengthen pelvic floor muscles, support urinary control, and enhance intimate wellness — while helping clinics offer high-demand, results-driven treatment packages. Using advanced electromagnetic wave technology (0-5T energy output), the Magic Chair stimulates deep pelvic floor muscle contractions that cannot be achieved through voluntary exercise alone.

STRENGTHEN YOUR PELVIC FLOOR MUSCLES

A 28 minute session delivers intense supramaximal contractions, helping to:

- Strengthen the pubococcygeus (PC) muscle
- Improve bladder control
- Reduce frequent urination
- Support vaginal tightening
- Enhance blood flow and sensitivity
- Improve intimate wellness and confidence

Technology breakdown:

Power Consumption: 2.3KVA
Electromagnetic Energy: 0-5 Tesla
Pulse Width: 300 microseconds
Voltage: 110-220V / 50-60Hz
Package Size: 76 × 70 × 65.5 cm
Weight: 45 kg

Top 5 Benefits of The Magic Chair

1. Non-Invasive Pelvic Floor Strengthening

Delivers intense supramaximal muscle contractions without surgery, discomfort, or downtime.

2. Effective Urinary Incontinence Support

Helps reduce stress, urge, and postpartum incontinence in both men and women.

3. 11,200 Kegel Contractions in 28 Minutes

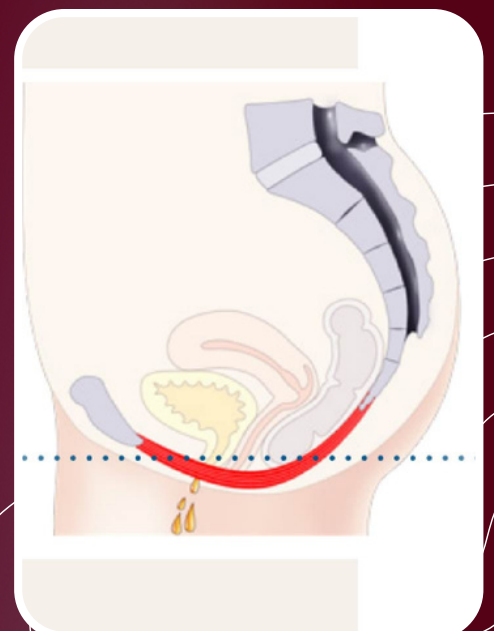

Provides the equivalent of thousands of targeted pelvic floor exercises in a single comfortable session.

4. Improved Intimate Wellness

Enhances blood flow, sensitivity, and sexual function by strengthening the pubococcygeus (PC) muscle.

5. Fully Clothed, Zero Downtime Treatment

Clients simply sit comfortably during treatment, with no prep, no recovery time, and immediate return to daily activities.
