

A close-up, high-resolution photograph of a woman's face, focusing on her eye and skin texture. The image has a warm, golden-brown color palette. The woman's eye is light-colored and looking slightly upwards. Her skin is smooth with a subtle glow. The text 'AGE' is overlaid in a large, white, serif font, centered horizontally and partially covering the eye and cheek area.

INNOVATIVE SKIN TECHNOLOGIES

INNOVATIVE SKIN TECHNOLOGIES

THREE TECHNOLOGIES. ONE POWERFUL PLATFORM

3-in-1 Laser System

A high-performance, multi-application laser platform combining Diode Laser, SHR OPT, and Nd:YAG technologies in one advanced system. Designed for modern clinics, it delivers fast, effective treatments for hair removal, pigmentation, vascular concerns, skin rejuvenation, and tattoo removal safely across all skin types, including darker and tanned tones.

THE FUTURE OF MULTI-APPLICATION TREATMENTS

The laser system allows you to offer:

- Premium hair removal for all skin types (I–VI)
- Pigmentation and vascular correction
- Tattoo removal (light & dark inks)
- Carbon peel & skin rejuvenation
- Acne and onychomycosis treatments

Technology breakdown:

Diode (755/808/940/1064nm)

Precise follicle targeting for long-term hair reduction.

SHR OPT (480–750nm)

Fast, low-pain “in-motion” treatments for large areas.

Nd:YAG (532/1064/1320nm)

High-intensity pigment removal, tattoo clearance & carbon peel rejuvenation.

Top 5 Benefits of the 3-in-1 Laser

1. Three technologies in one system

Combines Diode, SHR OPT, and Nd:YAG for versatile treatments while saving space and cost.

2. Works on all skin types (I–VI)

Safe and effective across light to darker skin tones, expanding who you can treat.

3. Multi-application use

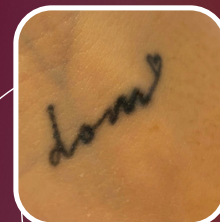

Handles hair removal, pigmentation, vascular issues, tattoo removal, acne therapy, and more.

4. Fast and comfortable treatments

High-speed operation with cooling technology for quicker, more comfortable sessions.

5. Minimal downtime, strong results

Delivers effective outcomes while allowing clients to return to normal activities quickly.

THREE TECHNOLOGIES. ONE POWERFUL PLATFORM

3-in-1 Laser System

Maximise your revenue

This 3-in-1 Laser allows you to offer a broad, premium service menu - from hair removal and tattoo removal to skin rejuvenation and acne treatments - without investing in multiple devices.

By treating all skin types safely and efficiently, you can attract a wider client base and increase your booking capacity and frequency.

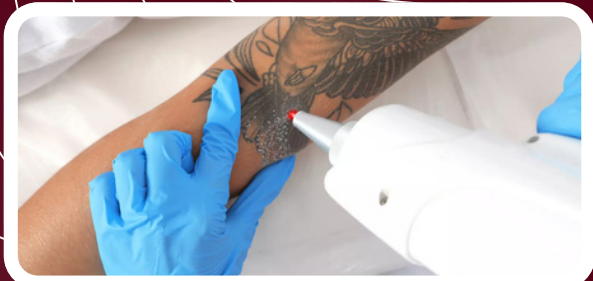

Faster treatment times mean higher patient turnover, while versatile applications enable effective upselling and package creation.

The result is a more profitable clinic model, with reduced equipment costs and greater return per client.

Create unforgettable results

3-in-1 Laser	1 Session Cost	5 Treatments Per Week	10 Treatments Per Week	20 Treatments Per Week
Hollywood Hair Removal	£90	£450	£900	£1,800
Underarm	£50	£250	£500	£1,000
Skin Rejuvenation	£99	£495	£990	£1,980
Tattoo Removal	£80	£400	£800	£800
