

A close-up, high-resolution photograph of a person's face, focusing on the eyes, nose, and lips. The person has light skin with numerous small, golden-brown freckles scattered across the forehead, nose, and cheeks. Their eyes are closed, and their lips are slightly parted, showing a hint of teeth. The skin has a natural, dewy glow. Overlaid on the center of the face is the word "AGE" in a large, white, elegant serif font.

AGE

INNOVATIVE SKIN TECHNOLOGIES

INNOVATIVE SKIN TECHNOLOGIES

THE FUTURE OF NON-INVASIVE LIFTING

4D HIFU SYSTEM

A powerful, non-invasive lifting and contouring system designed to deliver visible tightening, collagen stimulation, and body sculpting, while creating high-value, results-driven treatment menus for clinics and aesthetic professionals.

PREMIUM TECHNOLOGY PREMIUM TREATMENTS

The 4D HIFU System allows you to:

- Offer premium face and body lifting treatments
- Create targeted anti-ageing and body contouring packages
- Treat multiple depths with precision technology
- Deliver long-lasting results without downtime
- Reduce treatment time with advanced multi-line delivery

Popular Facial Combinations:

- Full Face Lift Protocol: 1.5mm, 3.0mm & 4.5mm cartridges for surface refinement, collagen stimulation & SMAS tightening
- Jawline & Neck Sculpt: 3.0mm & 4.5mm for lifting and contour definition
- Body Contouring Treatment: 6mm-16mm cartridges for fat reduction and sculpting
- Skin Tightening Boost: 3.0mm collagen remodelling with 1.5mm texture refinement

Treatment Depth Precision:

- 1.5mm – Texture refinement & skin brightening
- 3.0mm – Collagen remodelling
- 4.5mm – SMAS lifting & tightening
- 6mm-16mm – Fat reduction & body contouring

Top 5 Benefits for 4D HIFU System

1. Non-Invasive Lifting & Tightening

Delivers visible face and body lifting without surgery or downtime.

2. Collagen Stimulation

Stimulates natural collagen production for firmer, smoother, and more youthful-looking skin.

3. Multi-Depth Precision Treatment

Targets multiple skin layers (1.5mm-16mm) for customized results, from surface refinement to SMAS tightening and fat reduction.

4. Body Contouring & Fat Reduction

Effectively sculpts and contours areas of the body using deeper cartridges (6mm-16mm).

5. Faster Treatment Times

Advanced multi-line delivery technology reduces procedure time while maintaining powerful, long-lasting results.

THE FUTURE OF NON-INVASIVE LIFTING

4D HIFU SYSTEM

Maximise your revenue

The 4D HIFU system by offering high-demand, non-invasive lifting and body contouring treatments that command premium pricing.

Its ability to treat multiple areas; including face and body which allows you to upsell packages and increase average spend per client, while fast treatment times let you see more clients each day.

With repeat sessions for maintenance and low ongoing costs, the system creates a consistent, high-margin income stream for your clinic.

Below are examples of how you can bring in revenue to maximise your takings...

Create unforgettable results

HIFU Treatments	1 Session Cost	5 Clients	10 Clients	20 Clients
Full Face & Neck Sculpt	£350	£1,750	£3,500	£7,000
Eyebrow & Eye Lift	£150	£800	£1,600	£3,200
